## *H & H New Monthly Newsletter*

**Welcome to the new H & H newsletter.** We have been helping El Paso businesses for 35 years. Our huge facility houses a variety of state of the art printing and mailing equipment to ensure we can handle your most complex job.

H & H services include B & W and color copies up to 13x19", addressing, folding, inserting, metered and printed indicia (using your permit or ours), First Class® Standard (bulk) mail and more.

Our creative services include graphics, copywriting, QR codes, and even website design. Put your ad or coupon in our mailer and link it to a web page that promotes additional products or services online.

## Mailing Lists

There are different kinds of mailing lists. You can use your own list of prospects, current, or past customers. Or you can rent a list by ZIP codes or carrier routes and with additional criteria such as mailing to Businesses only (or to consumers only), business size, household income, etc. You might do a single mailing, or multiple mailings by just using a portion of your list at a time.

Highly targeted lists are slightly more expensive, but achieve higher response rates. Create highly targeted lists by creating profiles that target demographics of your best potential clients.; Select by social, economic, educational, gender, marital status, family size, age, etc.
